Subject:
Pre-Design Investigation Data Summary Report (Revised)
Lower Ley Creek Subsite of the Onondaga Lake Superfund Site
Syracuse, New York

ENVIRONMENT

Dear Ms. Sacks:

Date:
December 16, 2020

On behalf of the Respondents to the Administrative Order on Consent for Remedial Design (Respondents), Arcadis of New York, Inc. is submitting this revised Pre-Design Investigation Data Summary Report associated with the Lower Ley Creek Subsite of the Onondaga Lake Superfund Site pursuant to the United States Environmental Protection Agency (USEPA) Record of Decision dated September 2016 (ROD) in Syracuse, New York. This report was last submitted to USEPA on October 15, 2020 and has been revised based on USEPA comments received November 23, 2020 and the Respondents' response to such comments on December 10, 2020. The report summarizes the performance of field and sample collection activities performed at the site beginning in 2017 and presents proposed refinement to the floodplain soil and sediment removal extents first presented in the ROD.
